

Dear Members,

[Global Transmission](#) is organising its **4th annual conference** on [Offshore Wind Transmission Europe](#) on **March 14-15, 2023**, at **Hilton Amsterdam, The Netherlands**.

The **mission** of the conference is to discuss plans, strategies and technologies, and present solutions for the development of offshore transmission infrastructure to integrate the envisioned OSW capacity in the region. The conference will also highlight the relevance of interconnectors, energy islands and meshed offshore grids for the EU's interconnected green energy transition.

Key topics to be discussed at the conference include: Offshore wind in Europe – the way forward; Policy and regulatory developments; Grid innovation and technology; Subsea cables and their monitoring and protection; Financing offshore transmission; Developers' expectations and priorities; Transmission constraints and TSO's plans; regional grids, energy islands and interconnectors; planning and building the grids of the future; looming supply chain challenges and solutions.

Here is the **initial list of confirmed speakers**. They include:

- **Hanne Storm Edlefsen**, Vice President for Energy Islands, Energinet
- **George Loizos**, Head of Electricity Networks and New Technologies, Regulatory Authority for Energy, Greece
- **Simon Ludlam**, Chief Executive Officer, MaresConnect Interconnector
- **Alejandro Matilla**, Electrical Engineering/Offshore, Skyborn Renewables
- **Cristina Simioli**, Programme Manager - Offshore Energy and Nature, Renewables Grid Initiative
- **Dr Yin Sun**, Grid Connection Technology, Shell
- **Stephane Tetot**, Managing Director, Blackrock Alternatives
- **Maarten van Aller**, Chief Operations Officer, Seawind Ocean Technology Holding B.V
- **Renske Ytsma**, Director, Offshore Wind Development Continental Europe, RWE Renewables
- **Barbara Zuiderwijk**, Founder and Managing Director, Green Giraffe

Hitachi Energy is the **Knowledge Partner** for the conference. The event is supported by **wind & water works**.

There is a **30 per cent discount** on the participation fee for **members of NWEA and IRO** (as part of wind & water works). The discounted fee is **EUR840** for 1 participant, **EUR1400** for 2 participants, **EUR1960** for 3 participants, and **EUR2520** for 4 participants. We invite you to

register by following this link, [OWT Europe 2023 \(https://cvent.me/KEMBr2\)](https://cvent.me/KEMBr2). Please select '**Wind & Water Works**' as your 'registration type' when registering.

Sponsorship opportunities are also available. To know more, please [click here](#).

[Global Transmission](#) is a leading provider of information and analysis on clean energy and clean mobility through its research reports, newsletters, advisory services, and niche conferences.

Please reach out to me for more information.

We hope to see you at the event!

Best regards,

Tejashree
